

SPRING EDITION

Hang that “gone fishing” sign, we’ve got you covered...

FRIDAY

Stop along the way to load up on your favorite groceries and snacks, because all our accommodations come with fully-equipped kitchens or kitchenettes.

After settling in, take a leisurely, scenic, 35-minute drive to Callicoon. Head to [The Wine Merchant](#) to enjoy a late lunch — or early dinner — of delicious tapas prepared by chef Robin Mailey. He’ll also point you in the direction of a great bottle or two of wine to bring back for later.

Enjoy a stroll in town with stops at [Spruce Home Goods](#), [Catskill Provisions](#) and [Litt Home & Book](#). If you’re not ready to head back Streamside, check out what movie is playing at the historic art deco [Callicoon Theater](#).

SATURDAY

If you came to fish, don’t let us stop you! Our accommodations are situated directly on the banks of the Willowemoc — a renowned trout stream that will delight all fly fishing enthusiasts. Enjoy a quarter mile of private access to the stream right outside your door, which when combined with adjacent public water, provides approximately 1.5 miles of contiguous water to explore. [Contact us](#) if you are interested in renting gear or booking a guided lesson on the stream.

After your time on the Willowemoc, drive to Livingston Manor where there’s plenty to see at [Catskill Art Space](#) and lots of shopping along Main Street including [DROOZ + Co.](#), [Nest](#), [Jitterbug](#), [Long Weekend](#), [Homestead](#), [Old Souls](#) and more. Take a load off at [Sunshine Colony](#) to imbibe and snack. Grab a nap back in your accommodations before heading to [Stumble Out Bar](#) for dinner.

SUNDAY

In between swapping stories about the one that got away and roasting s’mores by the fire, [hike our trails](#), or drive, to our own working livestock farm, [Beaver Lake Farm](#). One way will take you about an hour, just be sure to call for an appointment first (607.498.0724) — we want to make sure the animals are ready for you! Otherwise, we have miles of other trails to explore on your own time.

For dinner, your choice between [Northern Farmhouse Pasta](#), New York’s first and only restaurant making their own pasta with 100% local NY wheat flour, or [The Junction](#) owned and operated by husband and wife team Misty and Aaron. You can’t lose!

MONDAY

Take your time checking out, let us know if you’d like to extend it past 11AM, and on your drive home, we trust you’ll be planning your next trip! **We can’t wait to welcome you back again and again.**
